QUIC MEMBERSHIP BENEFITS

A QuIC organised, invigorating one-day expo, offering the perfect opportunity for company promotion and networking! Participants have the excellent opportunity of showcasing their company via a dedicated booth provided by QuIC to a captive audience consisting of end-users, quantum industry leaders, potential partners, to government representatives. Find details on www.qexpo.org.

Information sessions on the **latest global developments** in connection with the quantum industry, **available for QuIC Members only**. Recent topics include export control regulations, global standardization efforts, and deep dives on critical enabling technologies.

Matchmaking Sessions designed to help **QuIC Members find each other and form project consortia** for public funding calls. Sessions are **also organized with partner associations**, such as AENEAS (electronic components and systems community) in the context of the EU Chips Act. These are an exclusive benefit of QuIC membership.
